INFORMED ENDOSCOPY CONSENT

A. The procedure(s) necessary to treat my condition (has, have been) explained to me by Dr. _____ and I understand the nature of the procedure to be (check where applicable). I hereby authorize him/her ("physician") and such assistants as may be selected to treat my condition.

- ☐ Flexible Sigmoidoscopy (insertion of tube into rectum/colon) with possible biopsy (tissue sample)
- ☐ Colonoscopy (insertion of tube into rectum/colon) with possible biopsy, polypectomy (polyp removal), injection therapy, or control of bleeding
- ☐ Hemorrhoidal Banding
- ☐ Esophagoscopy Gastroscopy Duodenoscopy (EGD) with possible biopsy (tissue sample) /cautery / dilation (stretching of a narrowing) / (Insertion of tube into throat, stomach and duodenum)
- ☐ Other: _____

B. It has been explained to me that there are alternatives to the aforementioned course of treatment including but not limited to:

- Contrast Radiographic Studies (Barium Enema or GI Series) – X-Rays
- Observation (not to do the procedure)

C. I have been made aware that the risks and consequences commonly associated with the procedure(s) described above may include but are not limited to:

- **Bleeding (increased risk if biopsy or polypectomy is performed) may require a blood transfusion.**
- **Perforation (a hole torn inside possibly requiring a procedure or surgery to be performed: the presence of extensive diverticulosis are more prone to complications)**
- **Infection (possibly requiring intervention, such as antibiotic treatment, surgery or other treatments)**
- **Aspiration (fluid entering the lungs)**
- **Post Polypectomy Burn Syndrome**
- **Dental Damage**

D. I have also been told that if the procedure is not performed, what may happen to me is: **The condition(s) may not be treated and/or diagnosed. There may be a delay in diagnosis and/or treatment. (Bleeding / tumor or growth / disease).**

E. It has been explained to me that during the course of the operation, unforeseen conditions may be revealed that necessitates an extension of the original procedure(s) than those set forth above. I, therefore, authorize and request that the above named physicians, their assistants, or their designees perform such surgical or other procedures as are necessary and desirable in the exercise of professional judgment. The authority granted under this paragraph shall extend to treating all other conditions that require treatment and are not known to the above named physicians at the time of the operation or other procedure commenced.

F. I have also been informed that there are other risks such as severe loss of blood, infection, cardiac arrest – etc., that are attendant to the performance of any surgical procedure. I am aware that the practice of medicine and procedure is not an exact science and I acknowledge that no guarantees have been made to me concerning the results of the operation or procedure. **Even the best experienced physicians can miss abnormal growths possibly related to poor prep, spasm, diverticular disease, etc.**

G. I consent to the retention or disposal of any tissue or parts, which may be removed.

H. I also authorize the presence of observers, as considered appropriate or advisable by the surgeon or his/her associate or assistant according to the center policy and in accordance with HIPAA and the state law.

I. If my physician or a member of the center staff has exposure to one of my body fluids during this procedure, I consent to the testing of my blood, including but not limited to the human immunodeficiency virus (HIV) and hepatitis.

J. I certify that I have read and fully understand the above consent; that the explanations therein referred to were made to me by the physician and that the statements requiring insertion or completion were filled in and paragraphs which I do not want to apply, if any, were stricken before I signed.

K. I have been provided the opportunity to read this consent and ask questions.

L. Residents are present at times during studies and they assist during some of the procedures when they are present.

M. I am aware that there could be a repeat procedure necessary if my bowel is insufficiently prepped, at an additional cost.

N. I am aware that my physician might decide to connect a device to the tip of the scope to increase visualization in order to improve polyp detection.

O. I have read and understand this consent form
